

Benefits of a Classroom Connection[™] Subscription

Attractive to Potential Families

More and more, parents are insisting on a certain level of technology for their child(ren)'s education. This service keeps your school "on the table" as an option.

Financial Savings

Subscribing your school to Classroom Connection[™] will save you and your stakeholders money.

- Can serve as your web presence with no web hosting or design fee, or you can keep your existing site and link to the management-only utilities that Classroom Connection[™] has to offer.
- No need to purchase separate utilities for communication, grading, reporting, and financial accounting.

21st Century Educational Capabilities

The face of education is changing. Whether your approach is of a traditional or progressive nature, Classroom Connection[™] has the capability to implement your vision.

A Sense of Community

Classroom Connection[™] helps you bring all of your stakeholders into one community with its communication tools and its comprehensive nature.

Convenience

Classroom Connection[™] includes all of your school management tools in one location. No need for separate utilities for administrators, staff, students, and parents.

- Communication Tools
- Gradebook
- Reporting (report cards, progress reports, fee statements, etc)
- Attendance
- Lunch Program
- Much More...

Efficiency

A technology-based approach to learning saves time and money for all stakeholders by allowing them to work in a more efficient manner.

"Anywhere Access"

Because Classroom Connection[™] is a web-based service, stakeholders can access it anywhere they have broadband internet capability. Soon some of the features will be available on your mobile device as well.

- Teachers can do work away from school.
- Students can turn in work electronically.
- Parents can "check in" anytime, anywhere.
